Web Developer leveraging a Master of Arts in Digital Media to approach web design with awareness of theoretical, philosophical, and creative outlooks in addition to technical skills. Practiced in developing full-stack MERN and CRUD applications. Produced successful individual and group projects at Coding Boot Camp while adjusting to rapid learning curves.

SKILLS AND TECHNIQUES

HTML | CSS | JavaScript | jQuery | MySQL | Mongo DB | Express.js | React.js | Node.js
Git | GitHub | Rest API | Model View Controller (MVC) | Front-End Dev. | Back-End Dev.

PROJECTS

GLITTER

- A MERN application with functionality to create, read and delete notes pertaining to travel goals as part of a fun and inspirational personal dashboard.

Text Tracker

- A full-stack application utilizing a webhook API to automate the storage of user information into a MySQL database. Provides users with CRUD functionality on a mobile-first UI.

<https://github.com/pmahalan/Text-Tracker>, <https://protected-thicket-21207.herokuapp.com/>

Make Me Laugh

- A website utilizing AJAX calls to open-source joke and humor APIs, in addition to jQuery functions for filter-selection abilities. <https://github.com/panamadan/Project1>,

<https://panamadan.github.io/Project1/>

Profile Generator

- An application which renders an HTML page and a PDF document of a person's GitHub profile information, through the use of the GitHub API as well as node.js packages such as Inquirer and Electron. <https://github.com/pmahalan/Node.js-Generator>

Budget PWA

- A Progressive Web Application which utilizes storage workers to achieve seamless offline-to-online functionality in storing inputted data to a Mongo DB database. <https://arcane-springs-66515.herokuapp.com/>, https://github.com/pmahalan/PWA_budget_tracker

Note Taker App

- A full-stack application enabling users to create, read, update and delete notes to and from a JSON file which functions as a database. Utilizes Express.js and routing. <https://ancient-springs-87572.herokuapp.com/>, https://github.com/pmahalan/notes_backend

EDUCATION

- | | |
|---|--------------------------------------|
| • Full-Stack Coding Certificate (Feb. 2020) | UCF Division of Continuing Education |
| • Master of Arts, Digital Media (May 2019) | University of Central Florida |
| • Bachelor of Arts, Music (Dec. 2015) | Stetson University |

WORK EXPERIENCE

Substitute Teacher – Kelly Educational Services, Orlando, FL

Mar. 2016 – Nov. 2019
